

Final Exam (Part 2)

Question 1

Which of the following statement(s) is/are true:

- A. Candidates for Minnesota State Auditor have to be a Certified Public Accountant (CPA).
- B. A Low-Fat/Low Cholesterol Diet is healthier than a Low Carb (carbohydrate) Diet.
- C. Candidates for Minnesota Attorney General have to be an attorney.
- D. Carbon dioxide is plant food, not pollution. Studies consistently show that higher CO₂ levels increase the mass of plant root, trunk, leaves and fruit, resulting in a booming biosphere.
- E. All of the above.

D. Correct:

A doubling of present CO₂ levels has shown dramatic increases in the mass of all plant parts including, root, stem (trunk), and leaf and fruit structures such as grains. A classic study by the National Center for Policy Analysis cites that 800 worldwide scientific observations support plant mass increases with increased CO₂ levels.
